Annandale.

COMPLIMENT OF ALFRED W. HARRIS TO MR. AND MRS. HENRY G. MATHERS.

Where the historic hills in grandeur rise
Above the braving mist, below the skies,
Where the Kentucky river winds its way
In deep seclusion, I touch the morning dew.
By tree-fringed banks in Frankfort's vale
Stands the enchanted seat of Annandale.
Where the morning sun's resplendent rays,
Dispensing glory to the purpling haze,
Lends a heavenly beauty to the scene,
Erenew in nature's perfect smiles serene;
And twilight songs so sweet beguile
The joyous souls at Annandale.

Where dear ones dwell in Christian love,
And praise the Lord of all above;
Where bright-eyed children romp and play
And while the pleasant hours away.
With gleeful shout and song they hail
Each glad "come d'ar at Annandale."
When at twilight in the shadowy dells,
The tinkle, tinkle, tinkle, of the bells
Sounds faint and low, and moon-oo of the eons
That far upon the hillside breeze,
The good house-wife, with her ready pail,
Prepares for milking time at Annandale.
Louisville, Ky., August 18, 1891.

Remarkable Facts.

Heart disease is usually supposed to be incurable, but when properly treated a large proportion of cases can be cured. Thus Mrs. Elmina Hatch, of Elkhart, Ind., and Mrs. Mary L. Baker, of Ovid, Mich., were cured after suffering 20 years. S. C. Linburger, druggist at San Jose, Ill., says that Dr. Miles' New Heart Cure, which cured the former, "worked wonders for his wife." Levi Logan, of Buchanan, Mich., who had heart disease for 30 years, says two bottles made him "feel like a new man." Dr. Miles' New Heart Cure is sold and guaranteed by J. W. Gayle, Book of wonderful testimonials free.

"Certainly hard words, made into pills. Simply to swell the doctor bills," are not what constitute Dr. Pierce's Pleasant Pellets. They are tiny, sugar-coated, purely vegetable pills, as pleasant as confectionary to the taste, and acting upon the stomach and liver gently but effectually, and as naturally as Nature herself. For sick headache, indigestion, biliousness, constipation, and all the resulting diseases, no laxative equal to them has ever been discovered.

Pneumonia

Is the only disease which seems to entirely baffle the physicians. Thousands upon thousands die annually that might be saved if they would use the medicine in the world that is a specific for that dread disease, viz: Dr. Hale's Household Ointment, which has saved the lives of hundreds of people after having been given up by the physicians when both lungs were badly involved. There is no remedy known to man that equals Dr. Hale's Household Ointment for the cure of Pneumonia. It cures the severest cases. It should be in every home in America. Price 25 and 50 cents per box. Sold at South Side drug store.

Thrown Over a Horse.

Two cadets from the Military Institute were coming into town Tuesday night on their bicycles when they met a vehicle, the horse attached to which became frightened at the wheels and whirled across the road. One of the young men was going so fast that he could not stop, ran into the horse and was thrown clear over his back, striking the pike with such force as to injure him quite seriously. His companion left him and came on to town for Dr. Hume, who went out and dressed his injuries, and at last accounts he was resting easy.

A BLOODY MURDER.

Mr. J. F. Hughes Shot by Frank Dudley, a Negro.

While Trying to Prevent Dudley From Murdering his Wife.

THE MURDERER TAKEN FROM JAIL AND HUNG.

The sad news reached this city Tuesday morning that Mr. J. Frank Hughes, formerly of this county—the bachelor brother of Messrs. W. J. and J. W. Hughes, of this city, and Mr. B. S. Hughes, of this county—had been murdered at his home in Scott county by a negro. The rumors in regard to the case were at first conflicting, but the following are the facts of the case elicited by the coroner at the inquest held over the remains Tuesday morning:

Frank Dudley, the murderer, and his wife, had for some time been employed by Mr. Hughes, the former as a farm hand and the latter as cook, and together with their daughter and the father of the woman, they occupied the servants quarters in Mr. Hughes' house. Recently Dudley left the employ of Mr. Hughes, but his family still remained there, the woman continuing to do the cooking for Mr. Hughes. On Monday, Dudley having become jealous of his wife on account of the attentions of another negro in the neighborhood, went to the house and told his wife he was going to kill her; that she would wake up in the morning in hell. He then got out a pair of bullet-moulds, cast a lot of bullets and loaded a double-barreled shot gun and a pistol. He remained about the place until about 8 o'clock in the evening, quarreling with his wife, and finally left, saying he would be back in a little while and would kill her when he returned. The daughter of Dudley advised her mother to go and seek the protection of Mr. Hughes, as she believed her father would carry out his threat when he returned. The woman did as the girl advised, went to the room of Mr. Hughes, who had retired, but the lamp was still burning and there was a fire in the grate, asked admission, saying she was afraid of her husband. He told her to come in, which she did and sat down upon the floor by the side of a negro boy who slept in Mr. Hughes' little while Dudley returned and not finding his wife, inquired for her, and on being informed by his daughter that she was in Mr. Hughes' room he said he would go there and kill them both. His father-in-law tried to persuade him not to go, but he paid no attention, went to Mr. Hughes' door, knocked and demanded to know if his wife was there. Mr. Hughes told him that she was, but to go away as he wanted no trouble on the place. Dudley left, but returned in a few minutes, again demanding admission. Mr. Hughes arose and let him in, when the woman ran in another room and hid under a bed. Dudley came in with a gun in his hand, pushed in Mr. Hughes, and just after passing, turned and fired, the charge striking Mr. Hughes just above the left temple and tearing the side of the skull off. He fell upon his face and the negro rushed in to the next room, looking for his wife, but as it was dark he failed to find her. He then went to a neighbor's, gave his gun to a negro, telling him that if he never returned he was to keep it; went on to Georgetown, surrendered to the officers and was placed in jail.

As soon as Dudley left, the old negro man alarmed the neighbors, Dr. C. K. Wallace was summoned, and everything was done for Mr. Hughes that was possible, but his injuries were mortal and he died about two hours after.

Dudley claimed he did the shooting in self-defense, that Mr. Hughes attacked and cut him with a bay knife which was kept standing in the corner of the room, but the negro boy who was in the room when Dudley came in did not so testify before the jury, and the ceiling of the room was so low that it would have been impossible for Mr. Hughes to have

raised so long a weapon high enough to strike with any force. The negro exhibited a cut upon his face, when he went to Georgetown, to substantiate the story he told, but the neighbors and the negroes on the place believe he must have inflicted the wound upon himself.

All of the negroes who testified before the coroner's jury—and there was no white person except Mr. Hughes upon the place when the murder occurred—told the same story; Dudley's wife, daughter and father-in-law and the boy who slept in the room with Mr. Hughes, corroborating each other in every particular.

The funeral of Mr. Hughes took place Wednesday morning at 11 o'clock from his late residence, Rev. H. G. Henderson, of the Methodist Church, this city, preaching the funeral discourse; after which the remains were brought to the Frankfort cemetery and placed in the family vault.

About one o'clock yesterday morning a mob composed of about one hundred and twenty-five men, supposed to be from this city, Stamping Ground and Midway, went to the jail in Georgetown, made the jailer surrender the keys, and took Dudley out, carried him about a half mile from town and hung him to a tree, where he was found after daylight yesterday morning.

Frankfort Male Academy.

The third annual session begins Monday, Sept. 7, at 9 o'clock. The object of this school is to prepare boys for college. Boys desiring instruction in special branches will be admitted, and may pursue such studies from the regular course as their parents or guardians may select. By an examination of the catalogue it will be seen that the work of preparing for college occupies six years, and no pupil will be permitted to leave this school as fitted for college until he shall have made successfully all examinations upon the course of study as presented in the catalogue, and in no case will a pupil who withdraws from my school and attempts to enter college before he shall have successfully completed the course of study requisite for admission, be granted a certificate of proficiency from me.

On the other hand, I guarantee that any pupil who has complied with the necessary conditions, is competent to enter any of the best American colleges.

This Academy is in no wise a sectarian nor religious institution. The claim for public patronage is based on conditions entirely independent of church creeds and religious prejudices.

The course of study embraces two general departments, offering the required amount for college preparation and an advanced English course, designed for boys who will enter business on leaving school.

I take this means of briefly expressing my thanks to the citizens of Frankfort and vicinity for the liberal encouragement they have given me in the past in my efforts to establish this school in this city, and to solicit their patronage for the future on the claim of the merit only of the school.

A. F. CASE.

Died of Paralysis.

Miss Mary A. Gayle was stricken with paralysis, at her home on the corner of Second and Main streets, Monday morning about 10 o'clock, from the effects of which she died, that afternoon. She was a most estimable lady, for many years a member of the Methodist Church, and a daughter of the late John Gayle. The funeral took place Wednesday afternoon at 4 o'clock. Rev. H. G. Henderson conducting the services, after which the remains were placed in the family burial lot in the Cemetery.

All Ready.

A platform has been erected in the State House yard and all other necessary arrangements have been made for the inauguration of Governor John Young Brown on Tuesday. The street parade will be upon a grander scale than usual, and will be participated in by the First and Second Regiments of Kentucky State Guard and other organizations, citizens on foot and in carriages. Tuesday will be great day in the city and both the L. & N. and K. M. railroads will run excursion trains here.

Base Ball.

The Olympics, of Louisville, came up Saturday and played an interesting game that afternoon with the Crutcher & Starks Club at Lake Park. Lawrence Young, the pitcher for the Princeton College nine, who held the New York League Club down to two hits, was in the box for the Olympics, and the first and second basemen were also members of the Princeton College nine, the balance of the club being composed of the best amateurs in Louisville. Under the circumstances, our boys played a very good game against them. Davis was expected to catch for the home team, but failed to come and a young man by the name of Douglas, from Lexington, started in to catch Merchant, but was struck by the ball on the right thumb, in the third inning, the first joint being knocked out of place and one of the bones protruding through the flesh, and of course had to leave the game, his place being taken by Alex. Goins, who caught very well the balance of the time, although out of practice. Merchant pitched splendidly, and had been as well supported as Young our boys would have made a good showing.

The following score tells the story of our defeat:

Completing the Midland Some More.

Our brethren of the press in Paris build the extension of the Kentucky Midland or sell the road every day or two, but unfortunately their deals do not stick. Here is the latest from the Bourbon News of Tuesday:

Monday, ex-Judge Gov. Cantrell closed a contract with E. P. Reynolds, of Chicago and New York, the largest and most responsible railroad-building firm in the country, to complete the Kentucky Midland Railroad from this city to Salt Lick a distance of forty-six miles. The road is to be completed by January 1st, 1892.

If Gov. Cantrell has made any such contract he has failed to notify the officers of the road in this city, and he certainly would inform them before anyone else. Try again, boys, you will make it after a while.

Changes on the Square.

On Tuesday Hon. G. M. Adams resigned as Secretary of State and Hon. Willis L. Rings, of Ashland, was appointed by the Governor to fill the vacancy. On the same day Hon. John F. Hagar resigned as Railroad Commissioner and the Governor appointed Hon. G. M. Adams to fill the vacancy.

Want a Fair.

The Georgetown people are worked up upon the subject of having a fair at that place and have gone to work to organize a fair company and to secure subscriptions of the necessary stock.

A Cure for Paralysis.

Frank Cornelius, of Purcell, Ind. Ter., says: "I induced Mr. Pinson, whose wife had paralysis in the face, to buy a bottle of Chamberlain's Pain Balm. To their great surprise before the bottle had all been used she was a great deal better. Her face had been drawn to one side; but the Pain Balm relieved all pain and soreness, and the mouth assumed its natural shape." It is also a certain cure for rheumatism, lame back, sprains, swellings and lameness. 50 cent bottles for sale by J. W. Gayle. 47-1m.

Nice Fruit.

Mr. Wm. M. Bristow, of this county, who always remembers the printers when he has anything nice, has placed us under obligations for some luscious soft peaches, which were raised upon his farm. They were large and delightfully flavored.

Greatly Improved.

The office at the Capital Hotel has been greatly improved in appearance by the removal of the old wooden floor and the substitution of a beautiful one of tile. New desks and counters will be put in, when the office will be exceedingly handsome and inviting.

Carriage Factory.

Arrangements have been perfected by which a carriage factory will be established in this city in a short time. The Strobridge property, on Main street, has been rented from Hon. I. T. West for the purpose, and he will remodel the building, raising it another story and running it back the full length of the lot. The establishment will be under the management of experienced parties and first class vehicles will be turned out.

A Close Call.

The Adams Express wagon and the occupants—Messrs. Dan. Kennedy, Charley Stephens and Thomas Rodman—came near being run into by passenger train No. 21 Wednesday afternoon on Main street thinking they had plenty of time to get to the Station before the train came in, but as they were going rapidly down the

hill on High street the train was coming through the tunnel. Mr. Kennedy was driving and did not hear the train, and as the horse was crossing the track it was nearly upon them. He jerked the horse back on his haunches and the engineer reversed the engine, but the train was not stopped until the engine had passed them. Just grazing the horse's head, which Mr. Kennedy had pulled around nearly against his side. There were three scared boys in the wagon and a lot of excited trainmen on the cars when the train was stopped, but fortunately no damage was done. The point where the above occurred is so dangerous that it is a wonder some serious accident has not happened there before. A signal man should be placed there to warn people of their danger.

The engineer did not see the approach of the wagon, but the fireman did and shouted to him to reverse the engine, and he threw the lever over quick enough to avert the accident.

For many years Mr. B. F. Thompson, of Des Moines, Iowa, was severely afflicted with chronic diarrhoea. He says: "At times it was very severe so much so, that I feared it would end my life. About seven years ago I chanced to procure a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It gave me prompt relief, and I believe cured me permanently, as I now eat or drink without harm anything I please." I have also used it in my family with the best results. For sale by J. W. Gayle. 47-1m.

New Dry Goods House.

Dr. J. S. Collins has removed his dental parlors up stairs in his building on Main street, and is turning the rooms upon the ground floor which he formerly used into a store-room. As soon as the repairs are completed Mr. Will. O'Donnell will open a dry goods and millinery establishment at that point.

Twin Cantaloupe.

Mr. Walter Brightwell showed us on Saturday a twin cantaloupe which was raised upon the farm of Mr. Harry Thomas, near Farmdale. They were both large, well-formed and only joined by a thin strip of rind.

THAT TERRIBLE COUGH

In the morning, hurried or difficult breathing, raising phlegm, tightness in the chest, quivered pulse, chilliness in the evening or sweats at night, all or any of these things are the first stages of consumption. Dr. Acker's English Cough Remedy will cure these fearful symptoms, and is sold under a positive guarantee by J. W. GAYLE, Druggist.

Inaugural Trains.

The inauguration of Hon. John Young Brown as Governor of Kentucky, will take place in Frankfort on Tuesday, Sept. 1st, 1891.

The citizens of that city have issued a general invitation to the public to be present, and they are now making elaborate preparations for the celebration of this event in the manner that it deserves. On this day the Kentucky Midland will run an extra train in addition to the regular trains of its present schedule. This train will leave Paris at 7:50 a. m. after connection with the trains of the Kentucky Central, and leave Georgetown after arrival of trains from Junction City and Lawrenceburg and arrive at Frankfort in time for the inauguration ceremonies. This train will leave Frankfort at 6 p. m. and connect at Lexington with trains for Junction City and Lawrenceburg, thus giving an opportunity to attend the inauguration and return home the same day. Our regular trains connect at Georgetown with trains on Q. & C. to and from Cincinnati giving persons north of Georgetown the same opportunity. Tickets at low rates will be on sale Aug. 31st and Sept. 1st, limited for return to Sept. 3d so that those who wish may witness the re-assembling of the Constitutional Convention on Sept. 2d.

A National Event.

The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will really benefit this nation as much as the discovery of the electric motor by Dr. Franklin Mies is doubtful. This is just what the American people need to cure their excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, etc. It acts like a charm. Trial bottles and the book on "Nervous and Heart Diseases," with unequalled testimonials, free at J. W. Gayle's. It is warranted to cure opium, morphine or dangerous drugs. 1

A General Invitation to the Inauguration.

The people of Frankfort respectfully extend a cordial invitation to their fellow-citizens throughout the State to be present at the inauguration of Hon. John Young Brown as Governor of Kentucky on Tuesday, September 1, 1891.

PAT McDONALD, Chairman.

A DUTY TO YOURSELF.

It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick-headache and all liver troubles. They are small, sweet, easily taken, and do not gripe. 9 J. W. GAYLE, Druggist.

Percival and Hutton, Real Estate and Insurance Brokers, Des Moines, Iowa, and is one of the best known and most respected business men in that city, says: "I can testify to the good qualities of Chamberlain's Cough Remedy. Having used it in my family for the past eight years, I can safely say it has no equal for either colds or croup." 50 cent bottles for sale by J. W. Gayle.

"Skewered and Cured."

"First I was skewered and then I was cured," says Jones, and he laughs heartily over his little joke. Well, let him laugh. Let laugh who will. He was skewered through and through by dyspepsia and its attendant train of ills. He was cured by Dr. Pierce's Golden Medical Discovery. Do you feel dull, languid, low-spirited; experience a sense of fullness or bloating after eating, tongue coated, bitter or bad taste in the mouth, irregular appetite, dizziness, frequent headaches, nervous prostration or exhaustion, hot flushes alternating with chilly sensations, sharp, biting pains here and there, cold feet, drowsiness after meals, wakefulness or disturbed or unrefreshing sleep, con-

stant and indescribable feeling of dread, or of impending calamity? These are symptoms of bilious dyspepsia or torpid liver, associated with dyspepsia or indigestion. Dr. Pierce's Golden Medical Discovery will subdue the cause, if taken according to directions for a reasonable length of time, or money paid for it will be cheerfully refunded.

George Wilson's Minstrels.

George Wilson, the meteor of minstrelsy, held a laugh seance at the Academy of Music last night, opening the season here to a packed house. There are many new and original features in the company, the bill is lengthy and varied, and the minstrels are excellent individually and collectively. There probably never was anything funnier on the minstrel stage than the original stump speech of George Wilson. Of course the original speech, written out and printed in cold, voiceless type would probably be mediocre from a humorous point of view, but in George Wilson's mouth it is a convulsing, side-splitting deliverance that can provide more genuine lay for its hearers than an accepted draft on New York. This year it is not the same old speech, but it is the same old Wilson, and the modified stump oration is a worthy successor of its prototype.

The costuming last night was unique and pretty, the singing good, and the olio of a remarkably fine order. Donnelly's "Gone, Gone, Gone," which was sung here last year, provided a hit, and the finale of the prefatory part, "The Men of Nerve," was original and laughable. Indeed, nothing too good can be said of the entire performance. *The Sun*, Williamsport, Pa., August 6.

Children Cry for Pitcher's Castoria.

Woman restored to perfect health! Just faith and confidence enough required to lay hold of Dr. Pierce's Favorite Prescription, administer it with a little patience and a little perseverance, and complete restoration to health and vitality is insured. Not far indeed, from the miraculous, are many of the wonderful cures of lost womanhood it has effected. There are few cases, indeed, within the requirements of sick and suffering woman, outside or beyond its helpful influence. So confident are the makers of Dr. Pierce's Favorite Prescription of its power to heal all female diseases, that they warrant satisfaction in every instance, or return the money. Large bottle \$1.00 (4 for \$5.00); at druggists.

When Baby was sick, we gave her Castoria. When she became a Child, we gave her Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

The Cyclers.

The usual weekly bicycle races took place at Col. R. P. Pepper's track Thursday afternoon, were more largely attended by the wheelmen, and very interesting. The number of starters in each race being larger than usual. The track was rough, but the time was good.

In the one mile championship handicap for the medal, there were six starters, and it was a lively contest for the first half mile, but from there on they were considerably strung out. Crutcher won, with Betts second, Hulet third. Time, 3:33.

In the second race, half mile dash, there were four starters. Crutcher again won, Hulet second and Marshall third. Time, 1:42.

In the two mile race only Crutcher and Betts started, and it was a neck and neck contest all the way. Betts coming first to the scratch, beating Crutcher about a foot. Time, 7:48.

In the fourth race—one fourth mile dash—there were five starters, and was a hustler. Hulet won, with M. Williams second, Crutcher third. Time, 0:50.

This was the best meeting the club has held, the races going off promptly without any unnecessary delay, and it is hoped the boys will continue to keep up the interest manifested.

Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Cough and Colds. I gave it a trial, took in all eight bottles; it has cured me, and thank God I am now a well and hearty woman." Trial bottles free at PHIL. CARPENTER'S Drug Store, regular price, 5c. and \$1.00. 45

Something is lost when you use Dr. Sage's Catarrh Remedy. It's Catarrh. The worst cases yield to its mild, soothing, cleansing, and healing properties. No matter how bad your case, or of how long standing, you can be cured. Incurable cases are rare. It's worth \$500 to you, if you have one. The manufacturers of Dr. Sage's Remedy are looking for them. They'll pay you that amount in cash, if they can't cure you. It's a plain square offer from a responsible business house, and they mean it. It seems too one-sided, too much of a risk. It would be—with any other medicine behind it. It only goes to prove what's been said: incurable cases are rare—with Dr. Sage's Catarrh Remedy.

Other so-called remedies may palliate for a time, but they cure for all time. By its mild, soothing, cleansing and healing properties, it conquers the worst cases. It removes offensive breath, loss or impairment of the sense of taste, smell or hearing, watering or weak eyes, when caused by the violence of Catarrh, as they all frequently are. Remedy sold by druggists, only 50 cents.

The Central Normal School, LEASERVILLE, KY. OPENS FIRST TUESDAY IN SEPTEMBER, 1901. Address, J. B. SECRET, Pres. July 4-24.

The Most Successful Remedy ever discovered, as it is certain in its effects and does not blister. Read proof below:

The concert that was given Monday night at the Baptist Church and Tuesday night at the First Independent Baptist Church, was one of the best that has visited our city.

The company was under the management of Prof. Chas. F. Sneed and wife. They had very good crowds at each of the named Churches and Prof. Sneed and wife have some very dear friends in our city who tried to make their stay a pleasant one. The object of his concert is to make money to complete the new building at the State University in Louisville. This is the Baptist University that was some years passed started in this city, and Fort Hill was the place selected to erect the building on, but was afterwards sold and the building was started and completed in Louisville, and the school has grown with such rapidity that the present capacity is too small. Wish Prof. Sneed and wife success throughout the State.

Quite a number of our beaux and belles are in attendance at the Lexington Fair this week.

Base ball at Jett every Saturday. Last Saturday the Bille Mawkins, defeated the Skiky Madinks, and on next Saturday, there will be a game between the June Bugs and Grasshoppers. Exciting sport may be expected.

Look out for the inauguration. The small boy and the old man, the aristocrat and the laborer, the hill billy and the tobacco vep. We are coming, not a hundred thousand strong, but like a Gocian phalanx, with a solid front.

Mr. Thomas Thompson had a very fine flock of sheep destroyed, a few evenings since, by the worthless curs which infest this neighborhood. We insist that there should be a tax on dogs, and that the funds arising from said tax should be devoted to the compensating of farmers who have had sheep killed.

A short time ago several warrants issued from the Court of Esquire G. W. Robb, of this county, were placed in the hands of the Frankfort police officers. They made the arrests, and at their own expense delivered the prisoners to the authorities in Versailles. We are told that our officers did not, as is the custom, pay them, and place their claims before the Court of Claims of this county, but even told them that the Court of Claims might or might not allow the amount. We take the liberty of saying, the Court will allow any reasonable claim of the Frankfort officers, and though they have to wait awhile until the Court of Claims meets, they will get their money at last. Some of our officers may be just a little discourteous, but our Court of Claims is not a bit dishonest.

Arsenic and quinine are dangerous drugs to accumulate in one's system, and it is to be hoped that these poisons, as a remedy for ague, have had their day. Ayer's Ague Cure is a sure antidote for the ague, is perfectly safe to take, and is warranted to cure.

Remarkable Hearing.

Mr. May Forward, of Elminville this county, writes the Georgetown Times as follows: "The explosion of the powder mill in West Virginia last Friday was distinctly heard here by hundreds of people. People were talking about the noise several days before we heard of the explosion. The day and hour tallied."
